ISN'T it queer that some people who want a lot of publicity in the l cal papers will send away for their job printing? They never have any use for a local paper except to use it.

THE Carranza government is a ranging to buy up all of its pape They must have heard of the high prices being paid for scray paper in America.

IN every community you find peo nie who do not believe in local papers except when they want to get some thing complimentary into them o something uncomplimentary out of them

THE Ledger is glad to know that the outlook for both Hardin College and the Missouri Military Academ for next year is unusually good Both of these institutions grow in well deserved popularity from year to year and are among the very best there are in the country.

HORSE drawn vehicles should of serve the traffic ordinances just as the motor vehicles are required to The law is entended to apply to both Also the pedertrians should not disregard the warnings of motor horn and discontinue the practice of using the middle of the street for consultations. All motor accidents are no due to the motorists, but in mar cases of others who are careless and pay no heed to traffic or warnings.

SERVICE AND BUSINESS

THE word "Service", to a certain extent, may have become hackneyed in its frequent use in referring to modern business, but, he that as i may, you cannot get too much service in your business if you would grow and hold that which is yours. The successful merchant of today

is alert and progressive; business i not only a scientific theory with him but a scientific fact of known quantity. He is constantly endeavoring give the public more and better service and in this making himself : keener competitor of the mail order

the successful merchant doesn't wor ry himself sick about it but sees that this man buys the pipe, pans and ket tles to use on that stove from him and incidentally lets him know he can sell the same or a better stove a the same or less price and "you se the goods before you buy"-a service the catalogue house cannot give.

becoming obvolete with the Dodo and other creatures of past ages. the live business man the mail order house is a competitive stimulous better and more modern methods of other, these firms are a benefit to the local vetniles.

Competition is the life of trade between the mail order house and the retail merchant just as co-operation is the life of trade between the retail merchants of any given social unit. The town where the merchants are fighting each other is the community where the catalogue houses

Washington, D. C. May 25.—"The endorsement of equal suffrage by either of the two great political parties would do more at this time to simplify the woman suffrage question than any other one thing."

This statement was made by Representative John M. Nelson in compensions upon the mation-wide campulation of said court, in vacation, that notice You are further notified that sa resentative John M. Nelson in commenting upon the nation-wide campaign being made by the National American Woman Suffrage Association for the adoption of equal suffrage planks in the Republican and Democratic national platforms. With the national convention less than 2 weeks away, the expression of this sentiment is psculiarly timely.

Mr. Nelson's opinion has special significance also when it is recalled that he is a member of the Judiciary Committee, and in that capacity led
